How to Build and Calibrate Geomechanical Models using 3D and 4D Seismic Data

سخنران

Dr. Jorg Herwanger

Dr. Jorg Herwanger is a Director at MP Geomechanics, a company focused on software development and consulting using fully coupled geomechanics and flow simulation technology. Previously, Jorg was Vice President Special Projects at Ikon Science and a Principal Geoscientist with Schlumberger. During his 20 year career in the oil and gas industry, he has worked in Research and Engineering, Consulting and Software support. He developed the concept of Seismic Geomechanics, the concept of building and calibrating geomechanical models using 3D and 4D seismic data. During 2011-2012, Jorg was the EAGE Education Tour Lecturer undertaking a global lecture tour for which he wrote a textbook on Seismic Geomechanics.

زمان: یکشنبه ۳ بهمن ماه ۹۵ ساعت: ۱۴ الی ۱۷

مکان: انتهای خیابان کارگر شمالی، موسسه ژئوفیزیک دانشگاه

تهران، ساختمان شماره ۳، طبقه اول، سالن احمدی روشن
